Richard Moss is newly appointed to the ERF Management Board

Constructor's SVP for Sales & Marketing, Richard Moss, has been recently appointed to the management board of **ERF (European Racking Federation)** after receiving unanimous support from existing members.

Richard will have various responsibilities during his appointment, including his participation in the Marketing Group. On learning the news Richard said, "I am delighted to have been appointed and help support ERF with their continuous push for excellence in our industry."

The European Racking Federation, the racking and shelving group of FEM, has the aim of influencing all manufacturers and the market worldwide towards common, cost effective and safe technical standards for racking and shelving.
