

PSS

PSS (formerly HiLo and Planned Storage Systems Ltd) is one of the leading suppliers of pallet racking and shelving systems to the UK market.

The company was acquired by Constructor Group UK Ltd in 2008. PSS has more than forty years of experience in the manufacture and installation of a wide range of storage systems across a huge variety of industrial applications. This experience now coupled with the expertise of the Constructor Group means that the PSS range of shelving systems and pallet racking offers a high quality value for money solution to any storage problem.

The PSS range of products is available throughout the UK via a national network of distributors.
